INTRODUCTION

The PIEDMONT DIRECTORY CO., publishers of Miller's Asheville City Directory, present to subscribers and the general public, this, the 1937 edition.

Confidence in the continued growth of Asheville's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Asheville to the world.

The enviable position occupied by the Asheville City Directory in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Asheville Directory will fulfill its mission as a source of authentic information pertaining to the city.

Population

The population of Asheville is estimated at 60,764, based on the number of personal names in the Alphabetical section of the Directory, with due allowance for those under Directory age. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the Directory, and, likewise, in the population estimate.

Five Major Departments

The five major departments are arranged in the following order:

THE MISCELLANEOUS DEPARTMENT, pages 15 to 28, presents a statistical review; historical sketch; and manufacturing, trade and civic surveys.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 29 to 616. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Asheville, and the name, official personnel, nature and address of each firm and corporation in the city.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, covers pages 617 to 784. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Features of this section are the designation of the population of each house and the designation of homes having telephones.

THE BUYERS GUIDE', beginning opposite page 784, and separately paged from 1 to 32, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Asheville. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community and noted resort center like Asheville, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 785 to 872. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a resort, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Asheville. There are more than 450 of these Directory Libraries, installed and maintained in the chief cities of the United States and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which the Piedmont Directory Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Education—	Institutions of higher learning include Asheville Normal School, Asheville School for Boys, St. Genevieve of the Pines and Biltmore Junior College. 15 public schools, including 1 senior high school and 1 junior high school. Number of pupils in public schools, 8,802; teachers, 253. Value of public school property, $5,325,994.
Public Libraries—	2, with total of 86,988 volumes.
City Statistics—	Total street mileage, 197.56, with 144.83 miles paved. Miles of gas mains, 68; sewers, 175.62; bus lines, 39.52. Number of water meters, 13,000; light meters, 12,200; gas meters, 2,476. Capacity of water works (municipal), 700,000,000 gallons; daily average consumption, 5,000,000 gallons; miles of mains, 214.5; value of plant, $4,074,037. Fire department has 60 men, with 5 stations and 10 pieces of motor equipment. Value of fire department property, $157,850. Police department has 61 men, with 1 station and 14 pieces of motor equipment.

ASHEVILLE FROM BEAUCATCHER MOUNTAIN

POPULATION

Asheville is the county seat of Buncombe County, and one of the principal resort centers of the eastern United States. The city had a population of 50,193 according to the United States Census of 1930. (Note: The 1937 Directory Census, taken on canvass by enumerators of The Piedmont Directory Co., give Greater Asheville, or the territory covered by the Directory, a population of 60,764.)

HISTORY

Asheville was founded in 1797 by John Burton, the city being known for about three years of its early history as Morristown. The name was later changed to Asheville, in honor of Samuel and John Ashe, noted men of that period.

The city has long been a resort center, the first resort hotel having been constructed near the Sulphur Springs in the western part of the city, west of the French Broad River. Later the tourist traffic increased and other resort hotels were built, including the old Battery Park Hotel on the site now occupied by the modern structure. Other hotels have been constructed with growth of tourist trade, through expansion of transportation facilities, including railways and highways into the highlands. Industry and agriculture have also developed in the mountain section, to the point that Asheville has become a marketing and shopping center for 18 counties of western North Carolina.

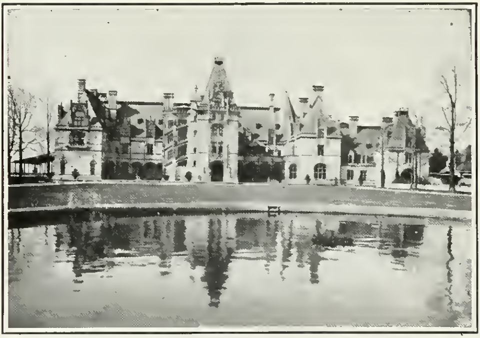
GOVERNMENT

Buncombe County is governed by a board of three commissioners. Asheville has the council-manager form of government, which included a mayor and six other councilmen and a city manager. The two governmental bodies are housed in the handsome city and county buildings which flank the central city plaza. The city has one of the lowest fire records of any city of its size in the country, due to an efficient fire department, and the police department has become highly effective with the aid of radio, cooperation with state and county law-enforcement officers and by means of the police-cruiser system.

COUNTY AND CITY BUILDINGS

TOURIST ATTRACTIONS

Scenic and other attractions of Asheville and western North Carolina are always of paramount interest to visitors. The famous Biltmore House and Gardens, located in the midst of the 15,000-acre Biltmore Estate in Asheville, have been open to public view since 1930. The noted mansion, adjudged one of the finest private homes in the world, was constructed nearly half a century ago by the late George W. Vanderbilt. The House, built after the architectural pattern of the French chateaux, contains a vast collection of objects of artistic and historic value, gathered at great cost by Mr. Vanderbilt, in all parts of the world. Notable among the priceless treasures on display are the chessmen of Napoleon, the ceremonial robes of Cardinal Richelieu, ancient tapestries which graced the tent of Francis I at the Field of the Cloth of Gold, and a myriad other rare and precious objects.



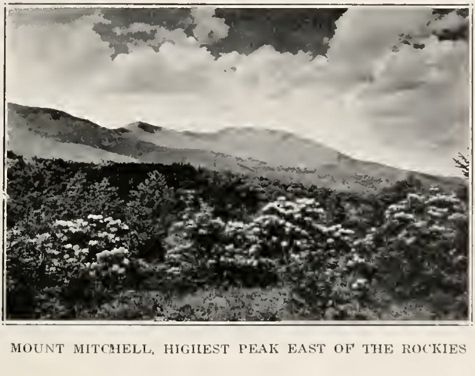
BILTMORE HOUSE

Surrounding the House, the vast expanse of gardens and landscaped park presents a great mass of flowers and superbly-designed vistas to the beholder throughout the spring, summer and autumn seasons.

In Riverside Cemetery are located the tombs of the famous writer, O Henry, and Zebulon Baird. Vance, Civil War Governor of North Carolina, and the now-famous marker erected to the memory of 18 German sailors by members of the Kiffin Rockwell Post of the American Legion. This is the only monument ever erected by American soldiers to the memory of their foreign foes.

UNIQUE GROVE PARK INN

Grove Park Inn, because of its unique setting and architecture, is a point often visited in the city. Circling the summits of the mountains near the city, the Asheville Scenic Highway reveals surpassingly beautiful vistas to the motorist.



MOUNT MITCHELL, HIGHEST PEAK EAST OF THE ROCKIES

In the surrounding highland region, the beauty of the Sapphire Country, Chimney Rock and Lake Lure, the Blowing Rock and Linville sections, the Tryon resort region, and the sections near Hendersonville and Waynesville are of interest to visitors.

Mount Mitchell, highest mountain in eastern America, and Mount Pisgah in the Pisgah National Forest, may be climbed by the motorist.

GREAT SMOKY MOUNTAINS NATIONAL PARK

LOG CABIN IN THE SMOKIES

THE CHIMNEYS, SMOKY MOUNTAINS NATIONAL PARK

Asheville is the eastern gateway point to the Great Smoky Mountains National Park, the nation's newest and most popular playground. This great scenic region, with its majestic peaks and deep valleys, its vast expanse of virgin forests, its clear trout streams and tumbling waterfalls, is a center of interest for visitors. More than half a million visitors entered this park last season. Excellent highways connect Asheville with the Great Smokies, and on the eastern approach to the park is located the 60,000-acre reservation of the Eastern Band of Cherokee Indians. Here live 3,000 Indians, occupying their ancient hunting grounds and pursuing their ancient crafts and customs, under supervision of the Government.

THE NATIONAL PARKWAY

Through western North Carolina the $16,000,000 "Blue Ridge Parkway" is now under construction, connecting the Shenandoah National Park in Virginia with the Great Smoky Mountains National Park in Tennessee and North Carolina. This great touring route, when completed along the summits of the highest of the Appalachian peaks, will be the finest highway in America.

THE INDIAN BALL GAME IS MORE STRENUOUS THAN ANY GAME OF THE WHITE MAN

SPORTS

Asheville and Western North Carolina comprise a region which is a paradise for outdoorsmen. In Asheville, five golf courses, adjudged among the finest to be found in the South, offer grass greens and fairways to the golfer. These include the courses of the Asheville Country Club, the Biltmore Forest Country Club, the Malvern Hills Golf Club, the Lake View Golf Club, and the Municipal Golf Links. Over a score of excellent courses are to be found in the resort centers of the highlands.

Tennis courts, swimming pools and other recreational facilities are provided in Asheville. The City Recreation Park, with its huge outdoor pool, its lake for boating, its skating rink, its zoo and amusement devices, is a center of attraction.

MOUNT PISGAH AND THE RAT

VIEW OF LAKE LURE AND THE VALLEY. THE TOP OF CHIMNEY ROCK IS IN THE FOREGROUND

Over 70 artificial lakes, located in all parts of the "Land of the Sky," provide opportunities for boating, sailing and fishing, Through the mountains many hundreds of miles of trails are open to the hiker and horseman. Streams of the region are well stocked in most cases with brook and rainbow trout, and the five game preserves in the western North Carolina region provide good hunting for deer in the surrounding terrain during the open hunting seasons. Bear, quail, rabbits and other small game are also plentiful in most of the mountain regions, and during the open season, nimrods from practically every state in the Union come to this section. During three seasons, deer hunts have been held in the Pisgah National Game Preserve.

TROUT FISHING

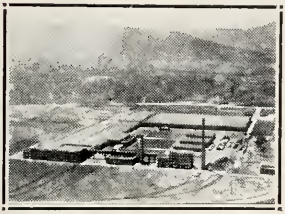
Horseback-riding along the many enticing mountain trails is one of the favorite recreations among visitors. Horse shows at Asheville, Tryon, Blowing Rock and Linville each year are events of great interest to followers of equestrian activities.

BEAVER LAKE AND LAKE VIEW COUNTRY CLUB

CLIMATE AND HEALTH

An unsurpassed climate, which combines light, cool, exhilarating summers and mild winters, a large percentags of sunny days, mountain-protection from severe storms and a dry atmosphere, has long been a principal attraction of Asheville and the western portion of North Carolina. The health-giving qualities of this climate have been a factor in luring here many health-seekers in search of surcease from many different afflictions. Many sanatoria for the treatment of pulmonary and nervous afflictions are located in and near Asheville.

INDUSTRIES



AMERICAN ENKA PLANT

In addition to the large volume of tourist trade which the city enjoys, Asheville is a center for industries. Located near here are the great rayon plant of the American Enka Corp.; the huge pulp and paper plant of the Champion Fibre Co., at Canton; the Sayles Biltmore Bleacheries; the Beacon Mfg. Co., makers of blankets; the Hans Rees Tannery; the National Casket Co, and numerous other plants manufacturing mica products, hosiery, dimension lumber, furniture, food products, barrel staves, rayon garments, and other articles.

The native industries which produce homespun woolens, rugs, native pottery, native ironwork, and numerous other woven and manufactured articles, are noted throughout the country.

AGRICULTURE

Western North Carolina is noted for its production of apples, Tryon grapes, cattle and Burley tobacco. Asheville is a marketing center for these products, the city having three sales warehouses for tobacco and an auction center for cattle and other farm animals. The region is a general farming area also, and many crops are produced. Timber is also a noted crop in the highlands.

TRADE AND COMMERCE

As the principal commercial center for 18 counties, Asheville is one of the most important trade centers of North Carolina, the city having rated second in retail trade in the state in recent compilations.

Due to its large trade area and the many hundreds of thousands of visitors touring western North Carolina at all seasons of the year, the city has become one of the finest shopping centers in the South.

SPECIAL EVENTS

Asheville's tourist season, which extends throughout the year and reaches high peaks in the spring, summer and autumn, has inspired many events of unusual nature.

RHODODENDRON BLOSSOMS IN THE "LAND OF THE SKY"

The Rhododendron Festival, held each year at the high point of the flowering season for the mountain rhododendron, is one of the most spectacular civic celebrations of the country. Presenting four colorful parades, a series of brilliant balls, spectacles and social affairs, the Festival has earned international fame.

Each August the mountain folk of the highlands gather at Asheville to present their annual Mountain Folk Festival, an event which is almost unique in its presentation of folk music and folk dances.

Horse shows held in Asheville, Tryon and Blowing Rock, the Asheville Dog Show and the annual invitation golf tournaments at the Asheville and Biltmore Forest country clubs are events of major importance.

WATER SUPPLY

Asheville's water supply is the purest to be found. The water, coming from the summits of the high peaks, is noted for its soft quality and its lack of impurities. The city water system is one of the few gravity systems in existence.

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1937

Copyright, 1937, by Piedmont Directory Co.

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

***Between two intersecting streets designate there are no houses between them on that particular street.

The △ preceding names denote householders and places of business having telephones.

The figure following name denotes the number of persons living at that place.

(c) denotes colored.

ASSOCIATIONS AND CLUBS

ASHEVILLE

This is the capital city of the ideal vacation land, the famous "Land of the Sky," a region of mountain beauty unsurpassed and play opportunities galore.

Asheville is the eastern gateway city to the Great Smoky Mountains National Park. Five federal highways intersect in this city.

Here in full measure are those factors desirable for a permanent residence and a climate that brings healing to the health seeker.

This city is the marketing center for an agricultural empire of diversified products, where the rainfall never fails and dairying and stock raising prove profitable.

Many industries in a wide range of products have found here those essential fundamentals that make for successful manufacturing.

THE
CITY DIRECTORY

represents the city and its institutions in every corner of these United States

Are You Properly Represented In It?

The Classified portion catalogues the professions and goods handled here

Are you listed under your proper heading so the prospective buyer can find you?

"Think It Over"

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service:

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To cooperate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
